Excellence in Neuromodulation

10th Hands-on-Workshop & 13th National CME on Neuromodulation(rTMS)

Supported by Indo-French Centre for AI in
Healthcare

20th- 22nd August 2026

Venue: CARE, 4th floor, Teaching Block, AIIMS,
New Delhi

INTRODUCTION

We are pleased to announce the upcoming 10th Hands-on-Training workshop and 13th National CME at the Department of Psychiatry, AIIMS, New Delhi, India.

The event will offer hands-on training in Transcranial Magnetic Stimulation (TMS) Therapy. In continuation of our commitment to advancing knowledge in neuromodulation and neuropsychiatry, this year's workshop features relevant presentations and talks by esteemed national and international professionals working in the respective fields.

To ensure and safeguard an optimal learning environment, the workshop is limited to 15 participants. The CME is seamlessly integrated with the TMS workshop to facilitate comprehensive understanding. This program serves as a distinguished platform for learning and collaboration with eminent figures in the field of neuromodulation, both nationally and internationally.

Mandatory registration is required for participation in the CME and workshop. The registration fee covers participation along with high tea and lunch.
